

# Labtours Science Night 2024

## **Tour 1: Research and Synthesis of new materials:**

Modern Microscopy with electrons // Synthesis of superconducting materials

Partly in English

30 minutes

Max. number of participants: 8

## **Tour 2: More liquid than water - superfluid helium**

Helium hall tour – in German

30 minutes

Max. number of participants: 20

|           |                                                                     |
|-----------|---------------------------------------------------------------------|
| 17:15 pm. | Tour 1: Research and Synthesis of new materials (partly in English) |
| 17:30 pm. | Tour 2: More liquid than water - superfluid helium (in German)      |
| 18:15 pm. | Tour 1: Research and Synthesis of new materials (partly in English) |
| 18:30 pm. | Tour 2: More liquid than water - superfluid helium (in German)      |
| 19:15 pm. | Tour 1: Research and Synthesis of new materials (partly in English) |
| 19:30 pm. | Tour 2: More liquid than water - superfluid helium (in German)      |
| 20:15 pm. | Tour 1: Research and Synthesis of new materials (partly in English) |
| 20:30 pm. | Tour 2: More liquid than water - superfluid helium (in German)      |
| 21:15 pm. | Tour 1: Research and Synthesis of new materials (partly in English) |
| 21:30 pm. | Tour 2: More liquid than water - superfluid helium (in German)      |
| 22:15 pm. | Tour 1: Research and Synthesis of new materials (partly in English) |
| 22:30 pm. | Tour 2: More liquid than water - superfluid helium (in German)      |

Meeting point: House A at the entrance to the restaurant

Reservations in advance are not possible.
