

Habilitations IFF

2017

Dr. Christian Heß:

Spin-heat transport of low-dimensional quantum magnets

Dr. Axel Lubk:

Holography and Tomography with Electrons - From Quantum States to Three-Dimensional Fields and Back

2002

Dr. Thomas Pichler:

Electronic structure and vibrational properties of carbon nanostructures: pristine and after doping

2000

Dr. Martin Knupfer:

Electronic properties of carbon nanostructures

1999

Dr. Andreas Neudeck:

Spektrochemie an mikrostrukturierten Elektrodenmaterialien

1996

Dr. Lothar Dunsch:

ESR-spektroskopische in situ Untersuchungen in der Elektrochemie
